FOREWORD

The provision of quality education and training is fundamental to the Government's overall strategy for social economic development. Quality education and training will contribute to achievement of Kenya's development blueprint, Vision 2030 and sustainable development goals.

Reforms in the education sector are necessary for the achievement of Kenya Vision 2030 and meeting the provisions of the Constitution of Kenya 2010. The education sector had to be aligned to the Constitution of Kenya 2010 and this resulted to the formulation of the Policy Framework for Reforming Education and Training (Sessional Paper No. 4 of 2016). A key feature of this policy is the radical change in the design and delivery of the TVET training. This policy document requires that training in TVET be competency based, curriculum development be industry led, certification be based on demonstration of competence and mode of delivery allows for multiple entry and exit in TVET programmes.

These reforms demand that Industry takes a leading role in curriculum development to ensure the curriculum addresses its competence needs. It is against this background that these Occupational Standards were developed for the purpose of developing a competency-based curriculum for Business Manager. These Occupational Standards will also be the bases for assessment of an individual for competence certification.

It is my conviction that these Occupational Standards will play a great role towards development of competent human resource for the Business management sector's growth and development.

PREFACE

Kenya Vision 2030 aims to transform the country into a newly industrializing, “middle-income country providing a high-quality life to all its citizens by the year 2030”. Kenya intends to create a globally competitive and adaptive human resource base to meet the requirements of a rapidly industrializing economy through life-long education and training. TVET has a responsibility of facilitating the process of inculcating knowledge, skills and attitudes necessary for catapulting the nation to a globally competitive country, hence the paradigm shift to embrace Competency Based Education and Training (CBET).

The Technical and Vocational Education and Training Act No. 29 of 2013 and Sessional Paper No. 4 of 2016 on Reforming Education and Training in Kenya, emphasized the need to reform curriculum development, assessment and certification. This called for a shift to CBET in order to address the mismatch between skills acquired through training and skills needed by industry as well as increase the global competitiveness of Kenyan labor force.

The TVET Curriculum Development, Assessment and Certification Council (TVET CDACC), in conjunction with Business Management Sector Skills Advisory Committee (SSAC) have developed these Occupational Standards for Business Manager. These standards will be the bases for development of competency based curriculum for Business Manager Level 6.

The Occupational Standards are designed and organized with clear performance criteria for each element of a unit of competency. These standards also outline the required knowledge and skills as well as evidence guide.

I am grateful to the Council Members, Council Secretariat, Business management SSAC, expert workers and all those who participated in the development of these Occupational Standards.

ACKNOWLEDGMENT

These Occupational Standards were developed through combined effort of various stakeholders from private and public organizations. I am thankful to the management of these organizations for allowing their staff to participate in this course. I wish to acknowledge the invaluable contribution of industry players who provided inputs towards the development of these Standards.

I thank TVET Curriculum Development, Assessment and Certification Council (TVET CDACC) for providing guidance on the development of these Standards. My gratitude goes to Business Management Sector Skills Advisory Committee (SSAC) members for their contribution to the development of these Standards. I thank all the individuals and organizations who participated in the validation of these Standards.

My gratitude also goes to the Ministry of Commerce which enabled the development of these Standards through the industry experts.

I acknowledge all other institutions which in one way or another contributed to the development of these Standards.

COURSE DESCRIPTION

Business Manager Certificate Level 6 Qualifications consist of competencies that an individual must achieve to enable him/her to perform business management.

The qualification consists of the following basic, common and core competencies:

Basic Competencies

1. Demonstrate communication skills
2. Demonstrate numeracy skills
3. Demonstrate digital literacy
4. Demonstrate employability skills
5. Demonstrate environmental literacy
6. Demonstrate occupational safety and health practices

Common Units of Competency

1. Manage business research and development

Core Competencies

1. Develop business strategies
2. Manage human resource
3. Manage customer experience
4. Develop corporate image
5. Manage business assets and liabilities
6. Manage financial operations
7. Manage business risks
8. Coordinate information communications technology
9. Coordinate business development

DEMONSTRATE COMMUNICATION SKILLS

UNIT CODE: BUS/BM/BC/01/6

Unit Description

This unit covers the competencies required to gather, interpret and convey information in response to workplace requirements.

ELEMENTS AND PERFORMANCE CRITERIA

Element <i>These describe the key outcomes which make up workplace function</i>	Performance Criteria <i>These are assessable statements which specify the required level of performance for each of the elements. Bold and italicized terms are elaborated in the Range</i>
1. Obtain and convey workplace information	1.1 Specific and relevant information is accessed from <i>appropriate sources</i> 1.2 Effective questioning, active listening and speaking skills are used to gather and convey information 1.3 Appropriate <i>medium</i> is used to transfer information and ideas 1.4 Appropriate non- verbal communication is used 1.5 Appropriate lines of communication with supervisors and colleagues are identified and followed 1.6 Defined workplace procedures for the location and <i>storage</i> of information are used

Element <i>These describe the key outcomes which make up workplace function</i>	Performance Criteria <i>These are assessable statements which specify the required level of performance for each of the elements. Bold and italicized terms are elaborated in the Range</i>
	1.7 Personal interaction is carried out clearly and concisely
2. Speak English at a basic operational level	2.1 Simple conversations on familiar topics with work colleagues is participated 2.2 Simple verbal instructions or requests are responded to according to workplace guidelines 2.3 Simple requests are made in accordance with workplace procedure 2.4 <i>Routine procedures</i> are described in accordance with workplace policy 2.5 Likes, dislikes and preferences are expressed 2.6 Different forms of expression in English are identified
3. Participate in workplace meetings and discussions	3.1 Team meetings are attended on time 3.2 Own opinions are clearly expressed and those of others are listened to without interruption 3.3 Meeting inputs are consistent with the meeting purpose and established

Element <i>These describe the key outcomes which make up workplace function</i>	Performance Criteria <i>These are assessable statements which specify the required level of performance for each of the elements. Bold and italicized terms are elaborated in the Range</i>
	<p><i>protocols</i></p> <p>3.4 <i>Workplace interactions</i> are conducted in a courteous manner</p> <p>3.5 Questions about simple routine workplace procedures and matters concerning working conditions of employment are asked and responded to</p> <p>3.6 Meetings outcomes are interpreted and implemented</p>
<p>4. Complete relevant work-related documents</p>	<p>4.1 Range of forms relating to conditions of employment are completed accurately and legibly</p> <p>4.2 Workplace data is recorded on standard workplace forms and documents</p> <p>4.3 Basic mathematical processes are used for routine calculations</p> <p>4.4 Errors in recording information on forms/ documents are identified and properly acted upon</p>

<p>Element <i>These describe the key outcomes which make up workplace function</i></p>	<p>Performance Criteria <i>These are assessable statements which specify the required level of performance for each of the elements. Bold and italicized terms are elaborated in the Range</i></p>
	<p>4.5 Reporting requirements to supervisor are completed according to organizational guidelines</p>

RANGE

This section provides work environment and conditions to which the performance criteria apply. It allows for different work environment and situations that will affect performance.

Variable	Range <i>May include but not limited to:</i>
1. Appropriate Sources	1.1 Various department heads organization documents
2. Medium	Method of communication 2.1 Physical media 2.2 Mechanical media (everything that is not No. 1)
3. Routine procedures	3.1 Day to day activities
4. Protocols	4.1 Procedures for doing a task
5. Workplace interactions	5.1 Official inter relations

REQUIRED SKILLS AND KNOWLEDGE

This section describes the skills and knowledge required for this unit of competency.

Required Skills

The individual needs to demonstrate the following skills:

- Analytical
- Listening
- Attention to detail
- Communication
- Report writing
- Interpretation
- Basic Information Technology (IT)

Required Knowledge

The individual needs to demonstrate knowledge of:

- Minutes
- Meetings
- Report writing

EVIDENCE GUIDE

This provides advice on assessment and must be read in conjunction with the performance criteria, required skills and knowledge and range.

1. Critical aspects of Competency	Assessment requires evidence that the candidate: 1.1 Prepared written communication following standard format of the organization 1.2 Accessed information using communication equipment 1.3 Spoken English at a basic operational level 1.4 Made use of relevant terms as an aid to transfer information effectively 1.5 Conveyed information effectively adopting the formal or informal communication
2. Resource Implications	2.1 Telephone 2.2 Writing materials 2.3 Internet
3. Methods of Assessment	3.1 Direct Observation 3.2 Oral interview 3.3 Written test
4. Context of Assessment	Competency may be assessed individually in the actual workplace or through accredited institution

5. Guidance Information for Assessment	Holistic assessment with other units relevant to the industry sector, workplace and job role is recommended.

DEMONSTRATE NUMERACY SKILLS

UNIT CODE: BUS/BM/BC/2/6

Unit Description

This unit covers the competencies required to identify and undertake simple numerical processes. The person who is competent in this unit shall be able to use / work with whole numbers and money up to one hundred thousand; Locate, compare and use highly familiar measurement; Use highly familiar maps and diagrams; Identify and use some common 2D shapes; and locate specific information in highly familiar tables, graphs and charts for work.

ELEMENTS AND PERFORMANCE CRITERIA

Element <i>These describe the key outcomes which make up workplace function</i>	Performance Criteria <i>These are assessable statements which specify the required level of performance for each of the elements. Bold and italicized terms are elaborated in the Range</i>
1. Use whole numbers and money up to one hundred thousand for work	1.1 Whole numbers and money amounts up to 100,000 in highly familiar workplace documents and tasks are named and read 1.2 Understanding of place value and the role of zero is demonstrate 1.3 Halves are recognised and understood in workplace

Element <i>These describe the key outcomes which make up workplace function</i>	Performance Criteria <i>These are assessable statements which specify the required level of performance for each of the elements. Bold and italicized terms are elaborated in the Range</i>
	<p>1.4 Whole numbers and money amounting up to 100,000 are organised in size order and are compared</p> <p>1.5 Counting done in number groups</p> <p>1.6 Addition and subtraction of whole numbers and money up to 100,000 done in accordance with workplace requirement</p> <p>1.7 Links between operations of addition and subtraction are clearly described</p> <p>1.8 Reasonableness of outcome with prompting and support is checked</p> <p>1.9 Numerical information is recorded and the result of the task is communicated using informal language and symbolism</p>
<p>2. Locate, compare and use highly familiar measurement for work</p>	<p>2.1 Measurements in highly familiar workplace documents and tasks are located</p> <p>2.2 Different units of measurements and their uses are identified</p>

Element <i>These describe the key outcomes which make up workplace function</i>	Performance Criteria <i>These are assessable statements which specify the required level of performance for each of the elements. Bold and italicized terms are elaborated in the Range</i>
	2.3 The comparative relationship between the units of measurement identified 2.4 Understanding of conservation of amounts is demonstrated 2.5 Informal language is used to compare measurements 2.6 Digital time is well read and am and pm used in reference to time 2.7 Calendar used appropriately to record information 2.8 Basic measurement information is well read and recorded 2.9 Additions and subtraction of simple quantities done in workplace
3. Use highly familiar maps and diagrams for work	3.1 Familiar items or places are located in highly familiar maps and diagrams 3.2 Simple symbols and pictorial representations are identified in highly familiar maps and diagrams 3.3 Simple oral directions are given to locate objects

Element <i>These describe the key outcomes which make up workplace function</i>	Performance Criteria <i>These are assessable statements which specify the required level of performance for each of the elements. Bold and italicized terms are elaborated in the Range</i>
	3.4 Simple oral directions followed to locate objects 3.5 Understanding of informal directional language is demonstrated
4. Identify and use some common 2D shapes for work	4.1 Familiar two-dimensional shapes are identified and named 4.2 Common objects are described in terms of size and shape 4.3 Common, every day, informal language is used to compare objects 4.4 Common objects are grouped based on shape, size, colour and features
5. Locate specific Information in highly familiar tables, graphs and charts for work	5.1 Features of simple tables identified 5.2 Specific numerical information located in highly familiar tables using grid movement (up and down columns and across rows) and key 5.3 Numerical information and data in highly familiar tables compared using appropriate informal language

Element <i>These describe the key outcomes which make up workplace function</i>	Performance Criteria <i>These are assessable statements which specify the required level of performance for each of the elements. Bold and italicized terms are elaborated in the Range</i>
	5.4 Information related to relevant workplace tasks 5.5 Features of simple graphs and charts identified 5.6 Specific numerical information located in highly familiar graphs and charts 5.7 Numerical information and data compared using appropriate informal language

RANGE

This section provides work environments and conditions to which the performance criteria apply. It allows for different work environments and situations that will affect performance.

Variable	Range <i>May include but not limited to:</i>
1. Measuring Instruments	1.1 Rulers 1.2 Watches/clocks 1.3 Scales 1.4 Thermometers 1.5 AVO meter

Variable	Range <i>May include but not limited to:</i>
2. Common two - dimensional shapes	2.1 Round/circle 2.2 Square 2.3 Rectangular 2.4 Triangle

REQUIRED SKILLS AND KNOWLEDGE

This section describes the skills and knowledge required for this unit of competency.

Required Skills

The individual needs to demonstrate the following skills:

- Applying fundamental operations (addition, subtraction, division, multiplication)
- Using calculator
- Using different measuring tools

Required knowledge

- Types of common shapes
- Differentiation between two dimensional shapes / objects
- Formulae for calculating area and volume
- Types and purpose of measuring instruments
- Units of measurement and abbreviations
- Fundamental operations (addition, subtraction, division, multiplication)
- Rounding techniques
- Types of fractions

- Different types of tables and graphs
- Meaning of graphs, such as increasing, decreasing, and constant value
- Preparation of basic data, tables and graphs

EVIDENCE GUIDE

This provides advice on assessment and must be read in conjunction with the performance criteria, required skills and knowledge and range.

<p>1. Critical Aspects of Competency</p>	<p>Assessment requires evidence that the candidate:</p> <p>1.1 Measured objects or materials as per job requirements</p> <p>1.2 Used calculator to perform the four fundamental operations</p> <p>1.3 Performed calculations involving money up to one hundred thousand</p> <p>1.4 Performed conversions between hours, minutes and seconds</p> <p>1.5 Calculated area and volume of regular shapes</p> <p>1.6 Created tables and graphs to represent and interpret information</p>
<p>2. Resource Implications</p>	<p>2.1 Calculator</p> <p>2.2 Basic measuring instruments</p>
<p>3. Methods of Assessment</p>	<p>Competency may be assessed through:</p> <p>3.1 Written Test</p>

	3.2 Interview/oral questioning 3.3 Demonstration
4. Context of Assessment	Competency may be assessed in an off the job setting
5. Guidance information for assessment	Holistic assessment with other units relevant to the industry sector, workplace and job role is recommended.

DEMONSTRATE DIGITAL LITERACY

UNIT CODE: BUS/BM/BC/3/6

Unit Description

This unit covers the competencies required to effectively demonstrate digital literacy in a working environment. It entails identifying and using digital devices such as smartphones, tablets, laptops and desktop PCs for purposes of communication and performing work related tasks at the work place.

ELEMENTS AND PERFORMANCE CRITERIA

Element <i>These describe the key outcomes which make up workplace function</i>	Performance Criteria <i>These are assessable statements which specify the required level of performance for each of the elements. Bold and italicized terms are elaborated in the Range</i>
1. Identify computer software and hardware	1.1 Computer software are identified according to manufacturer's specification 1.2 Appropriate computer hardware is identified according to manufacturer's specification
2. Apply security measures to data, hardware, software	2.1 Data security and privacy are classified in accordance with the technological situation 2.2 Security and control measures are applied in accordance with laws governing protection of ICT

<p>Element <i>These describe the key outcomes which make up workplace function</i></p>	<p>Performance Criteria <i>These are assessable statements which specify the required level of performance for each of the elements. Bold and italicized terms are elaborated in the Range</i></p>
	<p>2.3 Computer threats and crimes are detected.</p> <p>2.4 Protection against computer crimes is undertaken in accordance with laws governing protection of ICT</p>
<p>3. Apply computer software in solving tasks</p>	<p>3.1 Basic <i>word processing concepts</i> are applied in resolving workplace tasks</p> <p>3.2 <i>Word processing utilities</i> are applied in accordance with workplace procedures</p> <p>3.3 Data is manipulated on worksheet in accordance with office procedures</p>
<p>4. Apply internet and email in communication at workplace</p>	<p>4.1 Electronic mail is applied in workplace communication in accordance with office procedures</p> <p>4.2 Office internet functions are defined and executed in accordance with office procedures</p>

RANGE

This section provides work environments and conditions to which the performance criteria apply. It allows for different work environments and situations that will affect performance.

Variable	Range <i>May include but are not limited to:</i>
1. Computer software	<p>1.1 A collection of instructions that enable the user to interact with a computer, its hardware, or perform tasks.</p> <p>1.2 Computer tools that will help computer users interact with the hardware in a computer.</p>
2. Computer hardware	<p>2.1 Collection of physical parts of a computer system. This includes the computer case, monitor, keyboard, and mouse and all the parts inside the computer case, such as the hard disk drive, motherboard, video card,</p>

Variable	Range <i>May include but are not limited to:</i>
3. Data Security and Privacy	3.1 Confidentiality of data 3.2 Cloud computing 3.3 Integrity -but-curious data surfing
4. Security and Control Measures	4.1 Countermeasures and risk reduction 4.2 Cyber threat issues 4.3 Risk management Integrity -but-curious data serving
5. Word processing concepts	Using a special program to create, edit, and print documents
6. Network configuration	Organizing and maintaining information on the components of a computer network

REQUIRED SKILLS AND KNOWLEDGE

This section describes the skills and knowledge required for this unit of competency.

Required Skills

The individual needs to demonstrate the following skills:

- Analytical skills
- Interpretation
- Typing
- Communication
- Computing (applying fundamental operations such as addition, subtraction, division and multiplication)
- Using calculator

- Basic ICT skills

Required Knowledge

The individual needs to demonstrate knowledge of:

- Input and output devices
- Central processing Unit (CPU)
- Peripherals
- Storage Media
- Software concept
- Types of concept
- Function of computer software
- Data security and privacy
- Security threats and control measures
- Computer crimes
- Detection and protection of computer crimes
- Laws governing protection of ICT
- Word processing;
 - Functions and concepts of word processing.
 - Documents and tables creation and manipulations
 - Mail merging
 - Word processing utilities
- Spread sheet;
 - Meaning, formulae, function and charts, uses, layout, data manipulation and application to cell
- Networking and Internet;
 - Meaning, functions and uses of networking and internet.
 - Electronic mail and world wide web

- Emerging trends and issues in ICT;
 - Identify and apply emerging trends and issues in ICT
 - Challenges posed by emerging trends and issues

	11.3 National cohesion 11.4 Open offices

REQUIRED SKILLS AND KNOWLEDGE

This section describes the skills and knowledge required for this unit of competency.

Required Skills

The individual needs to demonstrate the following skills:

- Appropriate practice of personal hygiene
- Intra and Interpersonal skills
- Communication skills
- Knowledge management
- Interpersonal skills
- Critical thinking skills
- Observation skills
- Organizing skills
- Record keeping skills
- Negotiation skills
- Problem solving skills
- Decision Making skills
- Resource utilization skills

Required Knowledge

The individual needs to demonstrate knowledge of:

- Work values and ethics

- Company policies
- Occupational Safety and Health
- Company operations, procedures and standards
- Fundamental rights at work
- Personal hygiene practices
- Workplace communication
- Concept of time
- Building relationships
- Training needs assessment
- Time management
- Decision making
- Types of resources
- Work planning
- Record keeping
- Resources and allocating resources
- Organizing work
- Workplace problems areas and how to deal with them
- Negotiation
- Assertiveness
- Team work
- Gender
- HIV and AIDS
- Drug and substance abuse
- Leadership
- Safe work habits
- Professional growth and development
- Technology in the workplace
- Learning

- Creativity
- Innovation
- Emerging issues
 - Social media
 - Terrorism
 - National cohesion

REQUIRED SKILLS AND KNOWLEDGE

This section describes the skills and knowledge required for this unit of competency.

Required Skills

The individual needs to demonstrate the following skills:

- Following storage methods of environmentally hazardous materials
- Following disposal methods of hazardous wastes
- Using PPE
- Practicing OSHS
- Complying environmental pollution control
- Observing solid waste management
- Complying methods of minimizing noise Pollution
- Complying methods of minimizing wastage
- Employing waste management procedures
- Economizing resource consumption

Required Knowledge

The individual needs to demonstrate knowledge of:

- Storage methods of environmentally hazardous materials
- Disposal methods of hazardous wastes
- Usage of PPE Environmental regulations
- OSHS

- Types of pollution
- Environmental pollution control measures
- Different solid wastes
- Solid waste management
- Different noise pollution
- Methods of minimizing noise pollution
- Solid Waste Act
- Methods of minimizing wastage
- Waste management procedures
- Economizing of resource consumption
- Principle of 3Rs

EVIDENCE GUIDE

This provides advice on assessment and must be read in conjunction with the performance criteria, required skills and knowledge and range.

1. Critical Aspects of Competency	1.1 Controlled environmental hazard 1.2 Controlled environmental pollution 1.3 Demonstrated sustainable resource use
2. Resource Implications	The following resources should be provided: 2.1 Workplace with storage facilities 2.2 Tools, materials and equipment relevant to the tasks (ex. Cleaning tools, cleaning materials, trash bags, etc.)

	2.3 PPE 2.4 Manuals and references
3. Methods of Assessment	Competency in this unit may be assessed through: 3.1 Demonstration 3.2 Oral questioning 3.3 Written examination
4. Context of Assessment	Competency may be assessed on the job, off the job or a combination of these. Off the job assessment must be undertaken in a closely simulated workplace environment.
5. Guidance information for assessment	Holistic assessment with other units relevant to the industry sector, workplace and job role is recommended.

DEMONSTRATE OCCUPATIONAL SAFETY AND HEALTH PRACTICES
UNIT CODE: BUS/BM/BC/6/6

Unit Description

This unit specifies the competencies required to practice and promote safety and health at work.

ELEMENTS AND PERFORMANCE CRITERIA

<p>Element <i>These describe the key outcomes which make up workplace function.</i></p>	<p>Performance Criteria <i>These are assessable statements which specify the required level of performance for each of the elements. Bold and italicized terms are elaborated in the Range</i></p>
<p>1. Prepare to practice safety and health at work</p>	<p>1.1 Awareness of legislation that outlines the minimum standards for occupational safety and health requirements/ regulations are emphasized</p> <p>1.2 Benefits of implementing an occupational safety and health program are identified</p> <p>1.3 Safety requirements/ regulations of own work and of other workers are familiarized</p> <p>1.4 Workplace standards and procedures for incidents and Emergencies are determined</p>

Element <i>These describe the key outcomes which make up workplace function.</i>	Performance Criteria <i>These are assessable statements which specify the required level of performance for each of the elements. Bold and italicized terms are elaborated in the Range</i>
	1.5 Prevention and control measures , including use of safety gears/PPE (Personal Protective Equipment) to avoid accident, injuries and sickness are identified
2. Comply and promote compliance of workers to organization's occupational safety and health instructions and requirements	2.1 Safety instructions and safety signs are followed and disseminated to co-workers 2.2 Safe handling of tools, equipment and materials is learned and shared with co-workers 2.3 Execution of own work and of co-workers is monitored in according to safe work procedures 2.4 Use of safe guards and safety devices is monitored 2.5 Hazards, incidents, injuries and sickness in the workplace are reported properly following standards and procedures

RANGE

This section provides work environments and conditions to which the performance criteria apply. It allows for different work environments and situations that will affect performance.

Variable	Range <i>May include but are not limited to:</i>
1. Safety requirements/ regulations	1.1 Building code 1.2 Permit to Operate 1.3 Occupational Safety and Health Standards
2. Incidents and Emergencies	2.1 Chemical spills 2.2 Equipment/vehicle accidents 2.3 Explosion 2.4 Fire 2.5 Gas leak 2.6 Injury to personnel 2.7 Structural collapse 2.8 Toxic and/or flammable vapors emission
3. Prevention and control measures	3.1 Eliminate the hazard (i.e., get rid of the dangerous machine) 3.2 Isolate the hazard (i.e. keep the machine in a closed room and operate it remotely; barricade an unsafe area off) 3.3 Substitute the hazard with a safer alternative (i.e., replace the machine with a safer one)

Variable	Range <i>May include but are not limited to:</i>
	3.4 Use administrative controls to reduce the risk (i.e. give trainings on how to use equipment safely; OSH-related topics, issue warning signage's, rotation/shifting work schedule) 3.5 Use engineering controls to reduce the risk (i.e. use safety guards to machine) 3.6 Use personal protective equipment 3.7 Safety, Health and Work Environment Evaluation 3.8 Periodic and/or special medical examinations of workers
4. Safety devices/ PPEs (Personal Protective Equipment)	4.1 Arm/Hand guard, gloves 4.2 Eye protection (goggles, shield) 4.3 Hearing protection (ear muffs, ear plugs) 4.4 Hair Net/cap/bonnet 4.5 Hard hat 4.6 Face protection (mask, shield) 4.7 Apron/Gown/coverall/jump suit 4.8 Anti-static suits 4.9 High-visibility reflective vest

REQUIRED SKILLS AND KNOWLEDGE

MANAGE BUSINESS RESEARCH AND DEVELOPMENT

UNIT CODE: BUS/BM/CC/01/6

Unit Description

This unit specifies the competencies required to manage business research and development. It involves establishing research problem, developing research plan, conducting business research, analyzing business research findings and documenting business research findings.

ELEMENTS AND PERFORMANCE CRITERIA

Element <i>These describe the key outcomes which make up workplace function.</i>	Performance Criteria <i>These are assessable statements which specify the required level of performance for each of the elements. Bold and italicized terms are elaborated in the Range</i>
1. Establish research problem	1.1 Research needs are carried out in accordance with organizational business performance and market demands 1.2 Customer feedback on organizations' products and services are gathered based on organizational policy 1.3 Business research problem is established according to business needs assessment findings

Element <i>These describe the key outcomes which make up workplace function.</i>	Performance Criteria <i>These are assessable statements which specify the required level of performance for each of the elements. Bold and italicized terms are elaborated in the Range</i>
2. Develop research plan	2.1 Research geographical area and target population is identified based on established research problem 2.2 Approximate research cost is determined according to the research problem and organizational budget 2.3 Required man power is established based on the research problem 2.4 Data research methods are identified and developed according to research area 2.5 Research tools, materials and equipment are identified based on research requirements 2.6 Research hypothesis is developed based on the research problem 2.7 Business research schedule is developed in accordance with research activities
3. Conduct business research	3.1 Business research tools, materials and equipment identified are assembled according to research plan

Element <i>These describe the key outcomes which make up workplace function.</i>	Performance Criteria <i>These are assessable statements which specify the required level of performance for each of the elements.</i> <i>Bold and italicized terms are elaborated in the Range</i>
	3.2 Reconnaissance is conducted according to research plan 3.3 Business research data and information is collected according to the research schedule 3.4 Adherence to the research schedule is observed as per the research plan and organization requirement
4. Analyze business research finding	4.1 Business research data and information collected is prepared for analysis 4.2 Data and information <i>analysis tools</i> and procedures are established according to statistical requirements 4.3 Collected business data and information is analyzed and presented based on statistical requirements
5. Document business research findings	5.1 <i>Report writing tools</i> are obtained in accordance with SOPs 5.2 Business report is developed based on analyzed business data and information

Element <i>These describe the key outcomes which make up workplace function.</i>	Performance Criteria <i>These are assessable statements which specify the required level of performance for each of the elements. Bold and italicized terms are elaborated in the Range</i>
	5.3 Business report recommendation is shared and implemented based on organization policy

RANGE

This section provides work environments and conditions to which the performance criteria apply. It allows for different work environments and situations that will affect performance.

Variable	Range <i>May include but are not limited to:</i>
1. Report writing tools	1.1 Computer 1.2 Stationery
2. Target population	2.1 Age 2.2 Occupations 2.3 Sex
3. Research methods	3.1 Questionnaires and surveys 3.2 Interviews 3.3 Observations 3.4 Case studies 3.5 Documents and records

Variable	Range <i>May include but are not limited to:</i>
4. Research tools, materials and equipment	4.1 Writing materials 4.2 Developed questionnaires 4.3 Tablets 4.4 Computers 4.5 Cameras 4.6 Check sheets 4.7 Control charts
5. Research Hypothesis	5.1 Null hypothesis 5.2 Non- directional 5.3 Directional 5.4 Causal
6. Research needs	6.1 Introduction of new products and services 6.2 Modified products and services 6.3 Market expansion 6.4 Product channels
7. Analysis tools	7.1 Computers 7.2 Database 7.3 Data analysis software

REQUIRED SKILLS AND KNOWLEDGE

This section describes the skills and knowledge required for this unit of competency.

Required Skills

The individual needs to demonstrate the following skills:

- Communication skills
- Problem solving
- Data collection and analysis
- Presentation
- Basic management
- Time management
- Adaptability
- Report writing
- Team work and interpersonal skills

Required Knowledge

The individual needs to demonstrate knowledge of:

- Management of business research and development
- Legal requirements and regulations in business operations
- Methods of data collections
- Data analysis and interpretation
- Research documentation
- Basic computer operations
- New product development
- Product and process improvement
- Proposal development
- Product costing
- New products standards and specification
